Attorney's Docket No. : 12732-086001 / US5370

Version with markings to show changes made

In the claims:

Claims 67-76 have been canceled.

Claims 1-4 and 7-10 have been amended as follows:

1. (Amended) A light emitting device comprising:

a plurality of pixels arranged in a matrix, each of the plurality of pixels comprising a switching element and a light emitting element; and

a plurality of source signal lines for supplying signals to the switching element,  
wherein at least one of the plurality of source signal lines comprises a first conductor  
a first conductive coating on the first conductor.

2. (Amended) A light emitting device according to claim 1, wherein the first conductor  
coating is formed by an electroplating method.

3. (Amended) A light emitting device according to claim 1, wherein the first conductor  
coating comprises at least one selected from the group consisting of Cu, Al, Au, Ag, and a  
thereof as a main component.

4. (Twice Amended) A light emitting device according to claim 1, wherein the first  
conductor is made of the same material as a gate electrode of the switching element.

7. (Amended) A light emitting device comprising:

a plurality of pixels arranged in a matrix, each of the plurality of pixels comprising a switching element and a light emitting element; and

a plurality of power supply lines for supplying potentials to the light emitting element,  
wherein at least one of the plurality of power supply lines comprises a first conductor  
a first conductive coating on the first conductor.

REMARKS

Claims 1-66 and 77-78 are pending in this application, with claims 1, 7, 13, 21, 29, 37, and 52 being independent. Claims 67-76 have been canceled, claims 1-4 and 7-10 have been amended, and new claims 77 and 78 have been added.

Applicants elect the invention of Group I (claims 1-20), drawn to a light-emitting device without a terminal. The election is made without traverse.

Attached is a marked-up version of the changes being made by the current amendment.

Please apply any charges or credits to Deposit Account No. 06-1050.

Respectfully submitted,

Date: August 13, 2002

Attorney's Docket No.: 12732-086001 / US5370

8. (Amended) A light emitting device according to claim 7, wherein the first conductive coating is formed by an electroplating method.

9. (Amended) A light emitting device according to claim 7, wherein the first conductive coating comprises at least one selected from the group consisting of Cu, Al, Au, Ag, and an alloy thereof as a main component.

10. (Twice Amended) A light emitting device according to claim 7, wherein the first conductor is made of the same material as a gate electrode of the switching element.
